Luke Sandham - Another CanLearn Success Story!

"My name is Luke Sandham. In recent years, my life has been in a major "reshuffle mode". Including, and significantly, a diagnosis of Adult ADHD.

As part of my adventure down the road to wellness, I had the chance to attend ADHD coaching sessions with Laura Godfrey at the CanLearn Society."

Field Law Community Fund Program - Vote For Us!

All children deserve to be taught to read! Mastering reading requires consistent, intentional teaching and practice. Reading Pilots would provide a solution for the disruption in instruction experienced by children in Women's Shelters.

Jody Wood, Reading Pilots Coordinator, and Sue Stretton, Women's Shelter liason, would like to adapt our Reading Pilots program to small group learning for reading support at shelters. These children deserve a chance, their parents also deserve our help to build a better future.

Vote Now

Reading Pilots will be holding a **Parent Information Night** on June 20, 2019.
Call Jody at 587-439-3646 for more information.

CLOUD
PILOTS

The Calgary Nonprofit User Group for Salesforce, hosted by Cloud Pilots, had the first community event on **April 24th!** This event was hosted by the CanLearn Society and we welcomed approximately 24 nonprofit Salesforce users. It was a great introduction to Salesforce users in Calgary and it gave us all a great chance to learn from other users.

Thanks Cloud Pilots!
